

FORT HAYS STATE UNIVERSITY

LEARNING TECHNOLOGIES

Forward thinking. World ready.

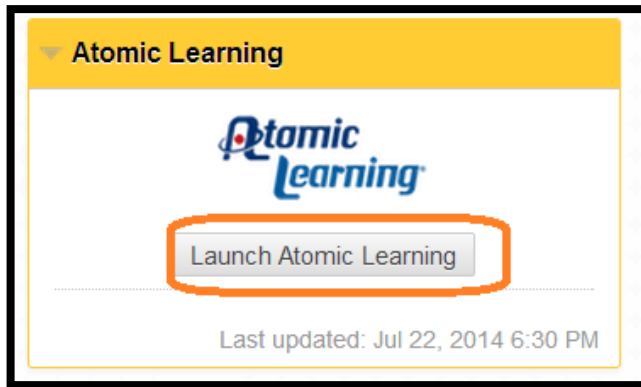

Atomic Learning and NBC Learn Archive

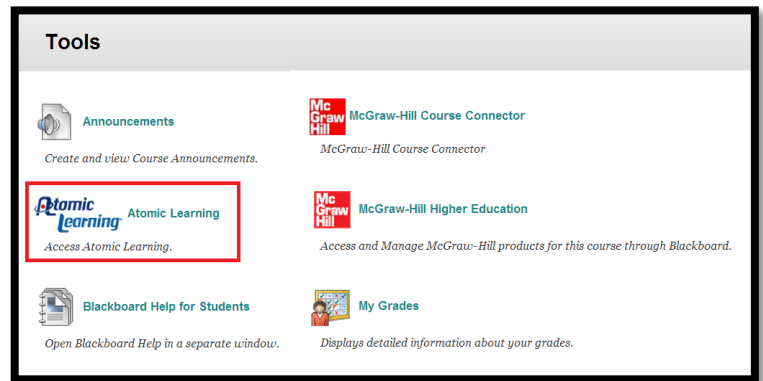

Atomic Learning

Atomic Learning offers thousands of short tutorials covering common software applications and computer tasks. We have integrated access to Atomic Learning in Blackboard so that students and faculty can access the tutorials at **no cost** and without re-authenticating in the following areas:

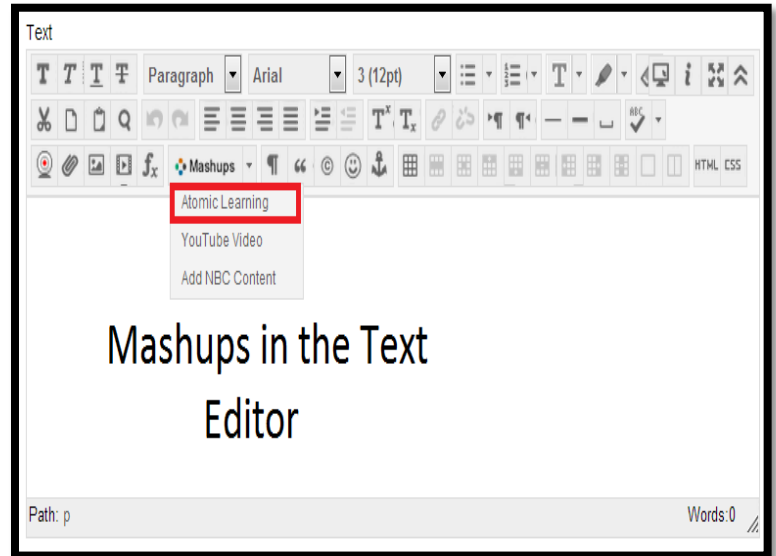

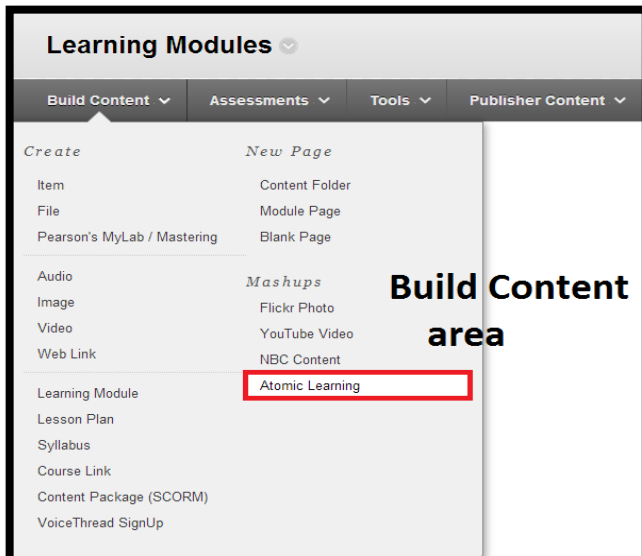

The Bb Home page:

Tools area in one of your Courses:

Instructors can add Atomic Learning tutorials in any Content area in the Bb shell using the Build Content tab or through Mashups in the Text Editor (in Discussion Boards, Items, Wiki, Journals etc...)
