### Cloud Features in Qwickly

If you choose to “Link from Cloud” you have to give access to your document through your account first, otherwise your students will not be able to view the document.

The screenshot shows the 'Post Content' interface. On the left, there are tabs for 'Courses' and 'Organizations'. Under 'Courses', there are two options: 'Blackboard Collaborate with the Ultra experience' (TSLN\_Collaborate) and 'Jessica Herber's Sandbox' (CTELT\_JessicaH). The main form has a 'Name' field, a 'Description' field with a rich text editor toolbar, and 'Upload File From' options: 'Upload to Blackboard' and 'Link from Cloud'. The 'Link from Cloud' option is selected and highlighted with an orange box. A blue arrow points to the 'Continue' button. Below the 'Upload File From' section is the 'Post To Course Location' section with a dropdown menu set to 'Create New Content Area' and a text input field containing 'Qwickly Content'. At the bottom right, there are 'Cancel' and 'Submit' buttons.

When you choose to “Link from Cloud,” it will appear in your course as a web link.

## LEARNING TECHNOLOGIES

*Forward thinking. World ready.*

If you post an assignment, and allow them to submit from the Cloud, the icon will look different for their submission link.

When students go to the submission page, it will also look different than the normal submission page.

### Create Assignment

**Courses** | **Organizations**

Select All | Clear All

- Blackboard Collaborate with the Ultra experience  
TSLN\_Collaborate
- Jessica Herber's Sandbox  
CTELT\_JessicaH

**Name**

**Due Date (Blank is No Due Date)**
